# HISTORY

- The past of the institut lemonnier

We can see our building on the left image always the same one still today: it is called the technological college. We have then the building of the medium which makes mainly professional college (see orientations) for the apartment and it first stage and for the second and third stage it makes college boarding school.

# ORIENTATIONS

- The institut lemonnier have 3 orientations which are :
  - The technologic orientation,
  - The professionnall orientation,
  - The agricultural orientation.

Me, I'm in technological high school in 2<sup>nde</sup> and we have 2 orientations

1 : SI : engineering

2 : STI : the applied technology for Industry

Personaly, I would like to pass in engineering.
